T-shirt color
F31
Color black, brown, navy blue, any other dark shiny color even yellow, red, blue, green...
<p>This 100% cotton wiping cloth is made from colored t-shirts with logos and without printing. The size of the format is about 40 x 40 cm but the formats are not always regular. Indeed, depending on the recycled textile, the dimensions can vary. However, the pieces are never too small or too big to allow a good grip.</p> <p>Indeed, depending on the existence of a print, one of the two following cuts can be applied :</p> <ul style="list-style-type: none"> <li>- If there is a print, the T-shirts are cut into two parts, front and back, and only the part without the print is kept.</li> <li>- In the opposite case the shirts are cut vertically in the middle, the sleeves are opened from the outside and it results two pieces perfectly usable.</li> <li>- Note : this quality does not include tickets (the small tickets that sometimes exist at the bottom of the T-shirt are not excluded) and laminated prints. The logos and the writings dressmaker are not excluded.</li> </ul>
From the recycling of usedclothes.
Bulk rag packaged according to the preference :
<ul style="list-style-type: none"> <li>• Large bales (weight between 450 kg and 500 kg) packed in white polypropylene and strapped with galvanized wire or PET.</li> <li>• 10 kg bag made of welded and pre-cut PVC that keeps the rags perfectly and durably dry.</li> <li>• 10kg dispenser box very convenient to use.</li> </ul>
<ul style="list-style-type: none"> <li>• Clean and free of any stain or dirt</li> <li>• Controlled by a high-tech metal detector that ensures the cleanliness of all types of metal bodies that could affect the safety of the user or the surface to be treated</li> <li>• This wipe is generally used by professionals who want a quality and very economical wipe.</li> <li>• The Jersey mesh is elastic, ultra soft, non-scratch and has a high absorption capacity</li> <li>• This wipe hugs perfectly the reliefs and does not deposit.</li> </ul>
