Trackssuit and sweat-shirt
F34
<p>This cottony wiping cloth is made primarily from sweatshirt and jogging clothes. This wiping cloth is made from sweatshirt and cotton. These two components make it thick, soft and particularly absorbent. The size of the formats is about 40 x 50 cm but the formats are not always regular because they are made from recycled textile.</p> <p>After removing the hoods and zippers the sweatshirts are cut into two parts depending on the size of the piece :</p> <ul style="list-style-type: none"> • Smaller pieces are cut vertically down the middle, the sleeves are opened from the outside and two pieces are created. • The large pieces are cut horizontally in the middle, the sleeves are also opened from the inside and the result is four pieces. <p>After removing the loops, the tracksuits are cut into two parts at the middle closure. The two parts are cut in such a way as to present four pieces.</p> <p>However, depending on the recycled textile the cut and dimensions may vary depending on the garments used.</p> <p>From the recycling of old clothes</p> <p>Bulk rag packaged according to preference in :</p> <ul style="list-style-type: none"> • Large bale (weight between 450 kg and 500 kg) Packed in white polypropylene and strapped with galvanized wire or PET. • 10 kg bag in welded and pre-cut PVC that keeps the rags perfectly and durably dry. • 10kg dispenser box very convenient to use. <ul style="list-style-type: none"> • Clean and free of any stain or dirt • Controlled by a high-tech metal detector that ensures the cleanliness of all types of metal bodies that could touch the safety of the user or the surface to be treated • The fleece fabric is made of cotton and sweater. These two components make it thick, soft and particularly absorbent. • This cottony cloth is very economical, ideal for large absorption needs. <p>This cloth meets the requirements of professionals such as:</p> <ul style="list-style-type: none"> • Maintenance workshops • Hydraulic industry • Heavy mechanical industry <p>Environmentally friendly:</p> <ul style="list-style-type: none"> • From recycling clothes • Free of synthetic fiber • Washable
